Born: 10.9.1980, Ljubljana, SI
Height: 190 cm
Weight: 115 kg
Shirt: XXL- 58
Pants: 40 / 38
Shoes: 46

ABOUT ME

I started to work, and am still working, in a grip where I acquired knowledge and perception regarding camera and lightning. I gained on-set driving experience as a low loader driver, shot maker and the camera car driver.

From 2014, I am working as a high-speed camera car driver and hero car precision driver, being well-known as specialized precision driver for heavy-duty vehicles.

RACING CAREER

- 2005 - present
Grip
- 2007 - present
Camera car driver
- 2014 - present
Precision driver and
speed camera car driver
